The School Motto – Let's Reach Higher!!

9/03/2021

Dear Parents,

Hope you are fine. Below please find some information.

Till now, we have 4 covid-positive students. I phoned all parents in the different classes where the students belong, except for one class because the student had been away for fourteen days before testing positive. So, in this case, there was no need. Truly, the guidelines state sending an sms /email to the parents; however I feel it more appropriate to speak with you personally over the phone. In this way I will see to concern or questions you might have. So, in cases where parents are not contacted, then there is no covid-positive student in that particular class.

When we are informed that a student has tested positive, the covid representative at school shares with authorities the classroom seating plan and the seating plan of the van. The latter is done if the student takes the van. Then contact tracers identify who is to quarantine and if quarantine is needed. This is not something decided by the school but by contact tracers.

Kindly note that we are not to tell anyone to swab. This is also in cases when students attend school again after a quarantine. We simply suggest and parents are free to choose what they see best.

Cleaning and disinfecting are done many times daily and rigorously. We are taking all the possible, necessary measures outlined by authorities.

A reminder re the **Fit for School** note which needs to be presented to the teacher even in the case of one day absence. This too applies when a student leaves school early, feeling unwell.

All Year 1 – Year 6 students follow virtual lessons in Art and Music. Besides, Year 3 and 4 students also have a few lessons in drama and Health and Safety. Year 4, 5 and 6 students have virtual Science lessons too.

Thanks to all who ordered the Carnival sweet. We will shortly have the Easter figolla for sale too. Every student will receive a note re this.

Feel free to share with us whatever is on your mind. The school council members are a useful link if you wish to get to us through them. Once again, a mere reminder who the

parents' representatives are – Oriana mother of Edward and Albert, KG1.1 and Year 1 respectively; Mandi, mother of Kiran, Year 4 and Ruben, father of Giuliana, Year 4.

MARCH

18	X'hemM Activities at school. All the students will be engaged in Science and/or Maths activities between 9 and 10 am. Photos and video of activities will be uploaded on Facebook.
19	Holiday
31	Holiday

APRIL
